

Scott Blair Named KCAC's Client Relations Manager

Olathe, KS (April 1, 2021) – KCAC Aviation is pleased to announce the appointment of Scott Blair to the newly created position of Client Relations Manager. In this role, Blair will serve as the primary point of contact for KCAC's Pilatus and Piper Aircraft customers following the delivery of an aircraft.

As an aviation industry veteran with an extensive background in aviation maintenance and customer support, Blair will provide the highest level of personal care to KCAC's customers. He will ensure that all customer communications are handled in a timely manner in order to provide a seamless aircraft ownership experience.

A United States Air Force veteran who served in Operation Desert Storm, Blair began his career as a structural repair technician at Lockheed Martin. Over the past two decades, he has served in a variety of aviation-related roles, where he honed his skills in field service, troubleshooting and technical support.

Most recently, he worked as a senior field service engineer for Honda Aircraft Co., in North Carolina, where his duties included managing post-delivery communications with customers. As a certified A&P Technician, Blair has completed multiple aviation training courses, including repair, maintenance and customer service.
